PEDESTAL & KINGPOST CRANES

Beyond Integration
 Seamless Solutions™

Overview

Overview

TSC deck cranes are suitable for a variety of application including fixed platforms, jack-ups and deep water floaters. TSC manufactures both kingpost and pedestal type cranes, all designed and built to the latest API 2C specifications. Third party certifications from ABS as well as CCS are also available.

TSC deck cranes are designed to meet lifting demands on-board all types of offshore installations, and can extend up to heavy lift requirements. TSC provides comprehensive handling and transporting capabilities and also offers a wide array of optional features and equipment to allow the customer to configure cranes exactly to their specifications. TSC offers cranes that are applications engineered to your specific needs.

General Features

- API monogrammed cranes;
- ABS / CCS certification available upon request;
- State-of-the-art hydraulic and control systems;
- Optimum lifting capacity to weight ratio;
- Global after sale support;
